**Welcome to Summer 2018 at WCFS,**

and an exciting slate of activities created especially for children in rising preschool through rising 6th grade, with special service and alumni weeks for students in rising 6th, 7th and 8th middle grades!

These experiences are designed for children to enjoy together, in age-appropriate groups, with highly experienced teachers from WCFS and around the community.

Each day provides unique opportunities for enrichment and creativity, to encourage students to discover and develop new interests and emerging talents.

Children create...explore...and experience in the same supportive setting and nurturing community that West Chester Friends School provides all year long!

*Each week for*

*Little Friends, Awesome Adventurers and Amazing Explorers*

*focuses on a different theme, and each day highlights art, science, music, fitness, gardening and literature activities around the theme...*

*plus games, dance, lunch on the lawn,*

*as well as weekly on-campus assemblies,*

*and off-campus field trips (for Adventurers and Explorers)*

*and walking trips (for all)).*

*Students are age-appropriately grouped.*

*Middle School "Shine Your Light" Service Weeks provide a wonderful opportunity for rising 6th, 7th and 8th graders to learn and have fun as they bring hands-on help to neighborhood non-profits including the Hickman, the Friends Association, West Chester Food Cupboard and others. Students are joined and supervised by WCFS Summer Programs faculty. Many students may achieve service learning hours.*
