(weeks do not need to be consecutive)***

[Welcome to Summer 2024 at WCFS](#)

**and an exciting slate of activities created especially for children in rising
preschool through rising 6th grade.**

These experiences are designed for children to enjoy together, in age-appropriate groups, with highly experienced teachers from WCFS and around the community.

Each day provides unique opportunities for enrichment and creativity, to encourage students to discover and develop new interests and emerging talents.

Children create...explore...and experience in the same supportive setting and nurturing community that West Chester Friends School provides all year long!

Each week focuses on the exploration of different themes, through art, science, music, fitness, gardening, games and literature activities, and including yoga, dance and movement, water play days and age-appropriate, outdoor, on-campus assemblies. All activities are outdoors as much as possible, including each day's Opening Games, Lunch on the Lawn, Water Play Days and Runaround.

For Adventurers and Explorers, we offer Summer Climb Time, once each week for Language Arts and another for Math. These are 30-45-minute blocks during which campers spend time with our Learning Specialist maintaining and developing their skills. There is no charge for Summer Climb; students may participate in one or both Climbs.

These are enriching, exciting days, full of Summer Fun and Learning!
